

A = No. of Sides

Special Shapes

Our customers have requirements for punches and inserts with special shapes or configurations. We have manufactured literally hundreds of these special shaped components for companies all over the world. Those shown on this page represent only a random sampling. We'd like to quote on your next "special." For any shape not listed, send us your fully dimensioned print and we'll send you a quotation.

A = No. of Sides

A = No. of Teeth
