

# ADVANCED MANUFACTURING

THE OBERG ADVANTAGE

FOUNDED  
**1948** By Don Oberg

SKILLED EMPLOYEES  
**680+**

MANUFACTURING SPACE  
**450,000+** SQUARE  
FEET

HEADQUARTERS  
**Freeport, Pennsylvania**

MANUFACTURING FACILITIES  
**Pennsylvania**  
**Illinois**  
**Connecticut**

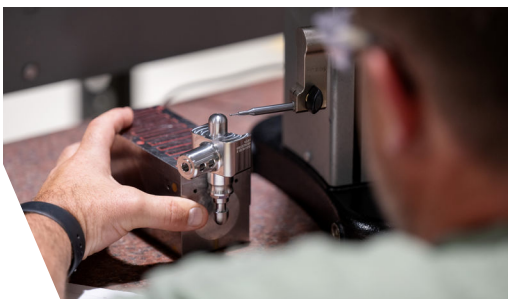

INTERNATIONAL SALES OFFICE  
**Germany**

## MARKETS

Medical Device  
Metal Packaging  
Energy / Oil & Gas  
Space  
Aerospace & Defense  
Consumer Products  
Automotive  
Housing & Construction

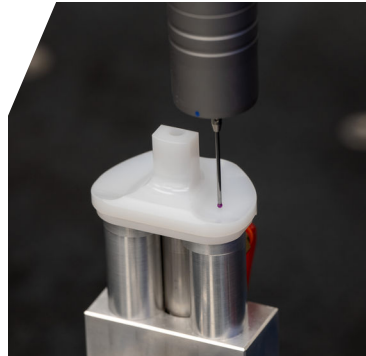

## SERVICES

Progressive Dies  
Die Components  
Carbide Tooling  
Precision Machining / Grinding  
Automation  
Finishing Solutions  
Tooling Design, Engineering,  
Project Management, Manufacturing,  
and Tool Servicing  
Production Machining  
Production Metal Stamping  
Prototyping

## CAPABILITIES

- Numerous in-house Secondary Processes
- 350+ manufacturing centers including; Multi-Axis Machining, Turning, EDM, MDP, Grinding, and Lapping
- Dedicated and duplicated Milling, Turning, and Inspection Equipment (CMM)
- Adherence to Tightest Tolerances

## WE WORK WITH A WIDE RANGE OF MATERIALS

Tungsten Carbide  
Stellite™  
Molybdenum  
Cobalt Chrome  
Inconel™  
Titanium  
Nitinol™  
PEEK

Toughmet™ 3  
Stainless Steel  
Aluminum  
Carbon Steel  
Hiperco™ 50  
Tool Steels  
Powdered Metals  
*\*Plus many more*

**Oberg Industries**  
PASSION FOR PRECISION MANUFACTURING

Oberg Industries is a global contract manufacturer producing precision machined and stamped metal components, tooling and assemblies for some of the world's most recognized companies. Through ingenuity and collaboration, we develop unique solutions to give you a competitive advantage with improved precision, efficiency and output.
